

Kuan-Ju Bondes

Product & UX/UI Designer

Work Experience

Freelance Product & UX/UI Designer

Full-time self-employment

SINCE 20. MAR 2021 , BERCHTESGADEN

Parallel to my parental leave, I prepared for starting my own business, with the aim of balancing work and family life. Design services focus on usability and innovation for digital products and services.

Senior Product & UX/UI Designer

ONCARE GmbH

APR 2017 – JUL 2020 , MUNICH

Redesigned a digital healthcare platform and app, and integrated new features into the product. Areas of works included UX reviews, refining user flows and interactions, visual design, prototypes and final design deliverables. Collaborated directly with developers to convert the design system into a UI library.

Cooperation Project

Fraunhofer IWU

MAR 2015 – JUN 2015 , DRESDEN

Open feasibility study for the design and experimental development of the hydroforming technology with additive internal structure to evaluate its limitations and possible practical applications.

Education

Product Design M.A.

Hochschule für Wirtschaft und Technik Dresden, Germany

OCT 2014 – JUN 2016
